

小鼠抗 AsRed2 单克隆抗体

中文名称:	小鼠抗 AsRed2 单克隆抗体
英文名称:	Anti-AsRed2 mouse monoclonal antibody
相关类别:	标签抗体
储存:	冷冻 (-20℃) 避光
宿主:	Mouse
抗原:	AsRed2
反应种属:	AsRed2
标记物:	Unconjugate
克隆类型:	mouse monoclonal

技术规格

Background:	AsRed2 is a human codon-optimized variant of Anemone a sulcata red fluorescent protein. It can be used in multi color analyses with other fluorescent proteins. Amax=350 nm; Emax=450 nm
Applications:	WB
Name of antibody:	AsRed2
Immunogen:	AsRed2 tagged recombinant protein expressed in HEK293T cell
Full name:	AsRed2
WB Predicted band size:	26 kDa
WB Positive control:	HEK293T cells were transfected with pCMV6-Entry-AsRed2 cDNA for 48 hours. Serial dilution of AsRed2 expression lysates were separated by SDS-PAGE and immunoblotted with anti-AsRed2 (1:1000)
WB Recommended dilution:	500-2000
