

## 小鼠抗 mStrawberry 单克隆抗体

中文名称： 小鼠抗 mStrawberry 单克隆抗体

英文名称： Anti-mStrawberry mouse monoclonal antibody

相关类别： 标签抗体

储 存： 冷冻（-20℃） 避光

宿 主： Mouse

抗 原： mStrawberry

反应种属： mStrawberry

标 记 物： Unconjugate

克隆类型： mouse monoclonal

### 技术规格

<b>Background:</b>	mStrawberry is a bright, monomeric red fluorescent protein which was developed in Dr. Roger Tsien' s lab by directed mutagenesis of Mrfp. The mStrawberry fluorescent protein photobleaches rapidly.
<b>Applications:</b>	WB
<b>Name of antibody:</b>	mStrawberry
<b>Immunogen:</b>	Purified mStrawberry protein expressed in HEK293 cell
<b>WB Predicted band size:</b>	27 kDa
<b>WB Positive control:</b>	HEK293T cells were transfected with the pCMV6-ENTRY control (Left lane) or pCMV6-ENTRY mStrawberry ne) cDNA for 48 hrs and lysed
<b>WB Recommended dilution:</b>	1000-5000
