

## 兔抗 Flag 多克隆抗体免疫磁珠

- 中文名称：兔抗 Flag 多克隆抗体免疫磁珠
- 英文名称：Rabbit anti-Flag immunomagnetic beads
- 别名：DDDDK epitope tag; DYKDDDDK epitope tag
- 相关类别：抗体相关支持试剂
- 储存：冷藏（2-8℃）

### 概述

The Rabbit anti-Flag immunomagnetic beads, conjugated with Anti-Flag rabbit polyclonal antibody, are used for immunoprecipitation (IP) of Flag-tagged proteins expressed in vitro expression systems. For IP, the Immunomagnetic beads are added to a sample containing Flag-tagged proteins to form an Immunomagnetic Beads-protein complex. The complex is removed from the solution manually against a Magnetic separation device. The bound Flag-tagged proteins are dissociated from the Immunomagnetic beads using an Elution Buffer.

### 应用

IP

### 技术规格

<b>Diameter</b>	φ0.5 μm
<b>Concentration</b>	0.4 mg protein/ml, 50mg beads/ml
